

## ELDERPARK HOUSING ASSOCIATION - Offices and New Build Project - Site Logistics Plan

As you will have noticed, there has been an increase in the number of vehicles around the site, including large articulated lorries and personal cars belonging to site staff. We would like to take this opportunity to ask that you remain vigilant and take extra care when you are in the vicinity of the site during working hours. CCG's traffic management protocols will remain in place for the duration of the programme in order to minimise disruption to your day to day lives by including delivery times out with peak hours and a strict working schedule. We will do everything we can to minimise disruption and apologise for any inconvenience caused.

Should any residents wish to raise any questions of concerns about the site and construction works, our Site Manager contact details are located below.
